

Imperial World SONG - No King

by TreeSpiritProject.com/songs

Countries kiss me, countries hug me
And I make them pay
If they don't give me all their riches
I bomb 'em right away

They can beg and they can plead
But if they choose to fight — good night!
Until they kiss my Orange ass
We'll bomb them day and night

[CHORUS]

*Cause we are living in an Imperial world
And I am an Imperial turd
You know that we are living in an Imperial world
And I am an Imperial turd*

Countries romance, countries slow dance
That's all right with me
If they won't pay my family,
We'll bomb from air and sea

Some will lie, and more will die
But they all have to pay — to play!
Only ones that pay their pennies
Live to see the day

[CHORUS]

*'Cause we are living in an Imperial world
And I am an Imperial Turd
You know that we are living in an Imperial world
And I am an Imperial Turd*

Living in an Imperial world
And I am an Imperial Turd

You know that we are living in an Imperial world
And I am an Imperial Turd
Uh-oh, Uh-oh, Oh-No!

**WE ARE LIVING IN AN
IMPERIAL WORLD**
